

## **Khalifa Ali bin Abu Talib - Campaign Against Banu Tai**

### **Adi**

Hatim was succeeded by his son Adi. Adi tried to follow in the footsteps of his father. He tried to be generous and munificent but he could not attain that fame that had been earned by his father. Adi was very religious in his own way, and was very particular in the worship of idols in the local temple. When Islam came to spread to the neighboring tribes, Banu Tai showed a hostile attitude to Islam. Thereupon the Holy Prophet sent an expedition to Banu Tai under the command of Ali.
