

Khalifa Ali bin Abu Talib - Testament of Ali

Counsels to follow

Son, all your hopes cannot be realized. You cannot live for a period longer than what has been ordained for you. You have to tread the way, which was trodden by the people before you. Be moderate in your desires. Do not transgress the limits. Do not become a slave of your desires. That good is no good, which leads to evil. That wealth is no wealth, which brings dishonor. Take care that ambition and greed do not lead you to destruction. Do not seek the favor of any one for whatever is ordained for you, you will get it at all cost.
