

Ibrahim (Abraham) - Hajar and Sarah

Abraham's wife Sarah was sterile. She had been given an Egyptian woman, Hajar, as a servant. Abraham had aged, and his hair was gray after many years spent in calling people to Allah. Sarah thought that she and Abraham were lonely because she could not have a child. Therefore, she offered her husband her servant Hajar in marriage. Hajar gave birth to her first son Ishmael (Ismail) when Abraham was an old man.
