

## **Sahih Al-Bukhari Hadith (Hadith 7.158)**

**Anas**

I will narrate to you a Habith I heard from Allah's Apostle and none other than I will tell you of it. I heard Allah's Apostle saying, "From among the portents of the Hour are the following: Religious knowledge will be taken away; general ignorance (in religious matters) will increase; illegal sexual intercourse will prevail; drinking of alcoholic drinks will prevail. Men will decrease in number, and women will increase in number, so much so that fifty women will be looked after by one man."
